# Bulletin of the Agricultural Chemical Society of Japan.

Vol. 15.

(Nos. 172 - 183)

1 9 3 9

The Agricultural Chemical Society of Japan.

c/o Faculty of Agriculture, Tokyo Imperial University.

# Contents

## I. Transactions.

PAGE

Yoshio OTANI: A New Bacterium (*Pseudomonas fibrolysis* n. sp.) Decomposing Cellulose. ..... *1*

Ume TANGE and Tetsuko KANEKO: Studies on Vitamin $B_2$ Complex. II.—Some Observations on the Nutritive Value of Sugars. ..... *23*

Kano OHTSU und Kazuo YAMAFUJI: Isolierung einer für die Vergärung des Zuckerrohrsaftes geeigneten Hefe aus dem Verdauungsorgan des Grashopfers. ..... *30*

Yoshio OTANI: Some Relations between Morphology and Physiology of *Aspergillus Oryzae*. ..... *33*

T. YOSHIDA, T. TANABE, und K. YAMAFUJI: Über Zuckerbestimmungen im Zuckerrohrsaft. ..... *49*

Yoshio OTANI: Studies on the Enzyme in Young Mycelia of *Aspergillus Oryzae*. ..... *59*

Ume TANGE: Studies on Vitamin $B_2$ Complex. III.—Further Studies on the Growth-promoting Factor in Liver Extract. ..... *65*

Ume TANGE: Studies on Vitamin $B_2$ Complex. IV.—Effect of Carbohydrate on Vitamin $B_2$ Deficiencies. ..... *86*

## II. Abstracts from Transactions published in Japanese.

Page

On the Method of Quantitative Estimation of Glutathione in Tissue by Okuda and Ogawa and its Modification by Fujita and Numata. —Biochemical Studies on Glutathione. The Eighth Report. (Masayoshi OGAWA). ..... 4

Statistic Studies of Soils. (IV). (MISU-Hideo). ..... 5

On the Yeasts of the Genus *Schizosaccharomyces* indigenous to Iô-Island. (Ogasawara Islands). (Kin-ichirô SAKAGUCHI and Yosihisa ÔTANI). ..... 6

Studies on the Enzymes of Lactic Acid Bacteria. (Part II).—On Lactic Dehydrogenase of Lactic Acid Bacteria. (Kakuo KITAHARA). ... 6

Untersuchungen über die Herstellungsmethode des Bagasse-Zellstoffes. (II).—Über dem Kochen der Bagassen mit Wasser unter Druck und den Bagasse Zellstoff nach dem Natronverfahren. (Syosuke TANAKA und Muneo KOORIYAMA). ..... 7

On the Alcohol-Manufacture from Jerusalem Artichoke. (Part VIII).—Influences of Storage on the Alcoholic Fermentation of Jerusalem Artichoke. (Toshinobu ASAI and Tetsuo YUKINOURA). ..... 7

On the Koji-Amylase. Part XII.—Studies on Some Protective Substances for the Heat Inactivation of $\alpha$- and $\beta$-Amylases or Maltase and on the Regeneration of these Enzymes being Inactivated by Heat. (Yuzo TOKUOKA). ..... 7

Studien über Sericin.—III. und IV. Mitteilung. (Takeo ITO und Kozo KOMORI). ..... 8

Synthesis of bis-[5-Oxymethylfurfuracrylic acid]-ether. (Kiyosi ASO). ..... 10

Decomposition Products of Substance containing Uronic Acid in Autoclave (II).—Reduction of Dimethyl-alginetin. (Kiyosi ASO). ..... 11

Synthesis of 3, 8-Dimethoxy-flavone. (Kiyosi ASO) ..... 11

Chemical Studies on the Kikyô-root (Platycodon grandiflorum, A. Dc.) (Report IV). —On the Haemolytic Action and Toxic Properties of the Kikyô-root. (Magosaburo TSUJIMOTO) ..... 11

Influence of Ultrashort-waves upon Enzymes. (Yoshihiko TOGASAWA). ..... 12

Biochemical Investigation of Mosaic Disease of Tobacco Plants. V.—On the Ascorbic Acid Content in the Leaves of Healthy and Mosaic Plants. (Y. OKUDA and K. KATAI). ..... 12

On the Chemical Regeneration on Waste Tussah Silk. (Part I).—Dispersion of Tussah Silk in Concentrated Solutions of Neutral Salts. (Chiyoka MIYAHARA). ..... 12

On the Chemical Regeneration of Waste Tussah Silk. (Part II).—Viscosity of Tussah Silk Solutions. (Chiyoka MIYAHARA). ..... 13

The Change in the Starch and Sugar Contents of the Tobacco Leaves after Topping. (T. NITO and M. OTA). ..... 14

Statistic Studies of Soils. (V). (MISU-Hideo). ... 14

Partial Oxydation of Starch by Bromine. (Yoshijiro KIHARA). ..... 14

The Distribution of $\alpha$-Sorinin and $\alpha$-Sorigenin. (Zirô NIKUNI). ..... 15

Statistic Studies of Soils. (MISU-Hideo). ..... 16

On the Manufacture of Alcohol from Jerusalem Artichoke. (Part IX). (Toshinobu ASAI and Susumu KIKUCHI). ..... 16

A New Alkaloid in the Bulbs of Narcissum Tazetta. L. (Yoshijiro KIHARA). ..... 17

The Change of Oxidation-reduction Potentials of Water-logged Soils.—V. On the application of the green manures in different stages of growth. (Kisaburo SHIBUYA, Hideaki SAEKI and Kenhan RYU). ..... 17

Effects of Certain Minerals on the Growth of Root Nodule Bacteria. (Part I). (K. KONISHI, T. TSUGE and A. KAWAMURA). ... 18

Chemical Studies on the Kikyo-root. (Report V).—The method for the separation and purification of Kikyo-Saponin, (Platycodin), and its properties. (Magosaburo TSUJIMOTO). ..... 18

On the Determination of Exchangeable Lime in Calcareous Soil. (R. KAWASHIMA) ..... 18

Studies on the Vegetable Tannins in Fosmosa. (Yasuyosi OSIMA and Yôsuke KANEKO). ..... 19

Decomposition Products of Substances Containing Uronic Acid. (III).—Reductic Acid. (Kiyosi ASO). ..... 19

Saccharification of Starch with Organic Acids. (Teijiro YABUTA and Kiyosi ASO). ..... 20

Chemical Studies on Japanese Coccidae. (XXI). —Unsaturated Fatty Acids of *Tachardina theae* Green et Mann. (M. KAWANO and

R. MARUYAMA). ..... 20
The Effect of Glutathione on Fever.—Biochemical Studies on Glutathione. The IXth Report. (Masayoshi OGAWA). ..... 20
Blätteralkohol. III. Mitteilung.(1).—Riechstoffe der Gurken (Cucumis sativus, L.). (Sankiti TAKEI und Minoru ÔNO). ..... 20
On the Stimulant for Cane Sugar Formation in Plants. (I). (Tetutaro TADOKORO). ..... 21
Chemical Studies on the Kikyo-root. (Report VI).—Colloid Chemical Studies on Platycodin (Kikyo Saponin). (M. TSUJIMOTO, R. SENJU and T. MATSUMOTO). ..... 21
On the Retting of Vegetable Fibre Materials. Part VIII.—The Useful Anaerobes for the Bacterial Retting of Hemp Fibre Materials. (Hideo KATAGIRI and Tosio NAKAHAMA). ... 37
Effects of Certain Minerals on the Growth of Root Nodule Bacteria. (Part II). (K. KONISHI, T. TSUGE and A. KAWAMURA). ..... 37
The Metabolic Products of Penicillium funiculosum Thom. (Part I).—A Red Pigment, Funiculosin. (I). (Hisanao IGARASHI). ..... 38
The Metabolic Products of Penicillium funiculosum Thom. (Part II).—Organic Acids. (Hisanao IGARASHI). ..... 38
The Constituents of the Crude Lecithin of Soya-bean. (Koji OKANO and Iwao BEPPU). ... 39
Studies on Soyabean Oil-foots.—(III) Isolation of Flavin. (IV) Manufacture of the Lactation-promoting Medicine and Tests of its Effects. (Koji OKANO, Iwao BEPPU and Masatoshi OZU). ..... 39
Chemical Studies of Green Tea. 3.—On Pectin and on the Action of Pectinase on It. (Saichi MACHIDA and Toshio TASHIRO). ..... 39
Decomposition Products of Substance containing Uronic Acid in Autoclave (IV).—Formation Mechanism of Alginetin. (Kiyosi ASO). ..... 39
Studies on the Vegetable Tannins in Formosa. Part II.—Isolation of Tannin and its Diffusion Velocity into Gelatingel and Absorption Amount by Hide Powder. (Yasuyosi OSIMA and Yôsuke KANEKO). ..... 39
Biochemical Studies on "Bakanae" Fungus of the Rice. Part II.—Isolation of "Gibberellin", the Active Principle which makes the Rice Seedlings grow slenderly. (Teijiro YABUTA and Takeshi HAYASHI). ..... 41
Studies on the Action of Arginase on Canavanin and Arginine III.—On the constitution of guanidine derivatives as the substrate for arginase. (Matsunosuke KITAGAWA). ..... 42
On the Constituents of the Extract of Bamboo Sprouts. (Teizo TAKAHASHI and Yoshinao YOKOYAMA). ..... 43
On the Constitution of α-Sorigenin. (Zirô NIKUNI). ..... 43
The Influence of Monochromatic Lights on the Action of Enzymes. (Report XII).—Especially on the Influence of Ultraviolet Rays on the Action of Enzymes. (Part I). Yeast Saccharase. (Reitaro MURAKAMI). ..... 45
(Report XIII).—Especially on the Influence of Ultra-violet Rays on the Action of Enzymes. (Part 2). Yeast Amylase. ..... 45
Studien über Sericin. V. Mitteilung. (Takeo ITO und Kozo KOMORI). ..... 46
Researches on Mechanical Wood Pulp. Part I. —Chemical Analysis of Pinus densiflora, S. et. Z. and Pinus Thunbergii, Parl. (Mamoru WATANABE). ..... 71
On the Relation between the Nitrogen Compounds of Seeds of Various Crops and the Diastatic Power of their Malts. Part IV.—Studies on Barley and Naked Barley. (Hideo KATAGIRI and Narataro MUGIBAYASHI). ..... 71
Über den Stickstoff- und Aschengehalt der Kaninchenmuskeln. (M. KANDATSU). ..... 72
On the Retting of Vegetable Fibre Materials. (Toshio NAKAHAMA). ..... 72
The Bacteriocidal Quality of Sterilized and Non-sterilized Korean Condiments Against Dysentery Bacilli Group. (Y. L. PAK, M. D.). ..... 72
Eine Experimentelle Fabrikation von Geräucherten Hammelfleisch. (R. SASAKI, M. KANDATSU und S. MINATO). ..... 74
Carbohydrates of the Bulbs of Allium. IX. —Structure of Scorodose. (Yoshijiro KIHARA). ..... 74
Abbau der Aminosäuren durch Aspergillus Oryzae. III. Mitteilung. (T. UYEMURA). ... 74
Studies upon the Moulds, Growing in High Concentration of Sulphuric Acid and Copper Sulfate. (Tatsuzo SATO). ..... 75
On a New Polypeptide Isolated from Eisenia Bicyclis. (Part I).—The Isolation of "Eisenin," and its Hydrolysis Products. (Tosihiko OOHIRA). ..... 78
The Influence of Monochromatic Lights on the Action of Enzymes. (Reitaro MURAKAMI).
[Report XIV].—Especially on the Influence of Ultra-violet Rays on the Action of Enzymes. (Part 3) Yeast Proteinase. ..... 79
[Report XV].—Especially on the Influence of

Ultra-violet Rays on the Action of Enzymes. (Part 4) Yeast Lipase. ..... 80
[Report XVI].—Especially on the Influence of Ultra-violet Rays on the Action of Enzymes. (Part 5.) Yeast Catalase. ..... 80
Studies on the Utilization and Digestion by Silkworms of the Carbohydrates contained in Mulberry Leaves. (K. KATO).
Part VII.—The change in the respiration of silkworms when bred on mulberry leaves to which cane sugar was added in different proportion. ..... 81
Part VIII.—The change in the metabolism when bred on mulberry leaves to which cane sugar was added suitably and the consideration on the fate of digested sugar. ..... 81
Part IX.—The digestion of the carbohydrates contained in leaves of several kinds of mulberry trees. ..... 82
Bergenin from Mallotus japonicus, J. Mueller. (K. HONMA). ..... 82
Über die Bestimmung das Glutathions in Geweben. (Akiji FUJITA). ..... 82
Biochemical Studies on Bakanae Fungus of the Rice. Part III.—Studies on Physiological Action of Gibberellin on the Plants. (Teijiro YABUTA and Takeshi HAYASHI). ..... 82
On the Koji-Amylase. Part XIII.—Effect of the Variety of Aspergillus Oryzae employed in Saké Manufacture upon the Formation of Amylases, Maltase and Protease in Saké-koji. (Yuzo TOKUOKA). ..... 83
On the Stimulant for Cane Sugar Formation in Plants. (II). (Tetutaro TADOKORO and Naomoto TAKASUGI). ..... 92
Über die Verschiedene Eigenschaften von Aspergillusarten. (VI). (T. TAKEDA und O. TAKEUTI). ..... 92
Researches on Bamboos as a Raw Material for Pulp in Taiwan. (Minoru TUTIYA and Setuo HUKUHARA). ..... 92
The Influence of Monochromatic Lights on the Action of Enzymes. (Reitaro MURAKAMI)—[Report XVII.] Especially on the Influence of Infra-red Rays on the Action of Enzymes. (Part 1.) Yeast Saccharase. ..... 93
[Report XVIII.] Especially on the Influence of Infra-red Rays on the Action of Enzymes. (Part 2.) Yeast Amylase. ..... 93
[Report XIX.] Especially on the Influence of Infra-red Rays on the Action of Enzymes. (Part 3.) Yeast Proteinase. ..... 93
[Report XX.] Especially on the Influence of Infra-red Rays on the Action of Enzymes. (Part 4.) Yeast Lipase. ..... 93
[Report XXI.] Especially on the Influence of Infra-red Rays on the Action of Enzymes. (Part 5.) Yeast Catalase. ..... 94
Studies on the Utilization and Digestion by Silkworms of the Carbohydrates contained in Mulberry Leaves. (K. KATO). ..... 94
—Part X. Research on the content of carbohydrates in mulberry leaves. ..... 94
—Part XI. The Relation of the sericultural harvest and the carbohydrate content of mulberry leaves. ..... 94
—Part XII. Devise of the appartus for determination of carbohydrate content in leaves. ... 94
Studies on Alkaline Earth. I. (Kinjiro KAWASE, Hogai KA and Kozo KAWAKAMI). ..... 95
The Utilization of the By-products of Soybeans. (V). (Yosaburo IWASA). ..... 95
Studies on Fumigants. Part I. The Reaction Products of Trichlorethylene and Nitric Acid. No. 1. (M. KOHNO and T. SAKAI). ... 95
Studies on the Etherification of Ethyl Alcohol.
—Part I. Preliminary Experiments.
—Part II. Determination of Ether by Distillation Curve.
—Part III. Experiment using such Catalysts as Activated Acid Clay and Others. (Masowo HORI, Kunitaka OHOIKE, and Yosiro HUKUSIMA). ..... 96
Saponin in the Bark of *Schima liukiuensis*, Nakai. (Shin-ichi SHIMAMOTO and Kuonoshin ONODERA). ..... 96
On Translocation of Acid Radical of Glycerophosphoric Acid. (Ryokoku YOKOYAMA). ..... 96
Hydroxylisation of Sorbic Acid. I.—Synthesis of Talomethylose from Sorbic Acid. (Masaru HAMADA and Toshitsune FUJITA). ... 96
Über die chemischen Eigenschaft der einzelnen Teilen der Getreidfennichen Samen. (Tetsujiro OHARA). ..... 96
Isolation of Three Kinds of Isoflavon from Soya Bean. (Koji OKANO and Iwao BEPPU). ..... 96
On a Red Pigment from the Skin of Some Marine Fishes. (T. MORI and B. SATO). ..... 97
On the Carotinoid of Palm Oil (*Elaeis guinensis* Jack).—Appendix. Lycopin in the fruits of *Seafortia elegans*, R. Br. (Ryo YAMAMOTO, Minoru ISII, and Hirosi ITO). ..... 97
Zuckerrohrwachs. III. Mitteilung.—Neue Bestandteile der unverseifbaren Substanz des Zuckerrohrwachses. (T. MITUI). ..... 98
Studies on the Preparation of Unsaturated Higher Fatty Alcohol by Zinc Catalyst. (Yuichi SHINOZAKI and Shizuo SUMI). ..... 98

Chemical Researches on the Pulp Woods of Manchoukuo. Part V.—Chemical Analysis and Cooking Experiment of "Dahurica-Karamatsu." (M. SHIKATA, M. YAMANE, and H. KIN). ..... 98
Experimentelle Untersuchungen über die Wirkung von Radium- und Röntgen-Strahlen auf die Gärungsmikroorganismen (II. Mitt.) —Über die Säurebildung der *Asp. niger* Radiumrassen. (R. NAKAZAWA und M. SIMO). ..... 101
A Simple Colorimetric Method to Estimate Vitamin A. (Kokichi OSHIMA and Shinichi ITAYA). ..... 101
On the Manufacture of Alcohol from Jerusalem Artichoke. (Part X). (Toshinobu ASAI and Susumu KIKUCHI). ..... 102
Statistic Studies of Soils (VII). (MISU-Hideo). ... 103
Über die Chemischen Zusammensetzung und die Verhältnisse zwischen der Faktoren der Getreidennichen Samen. (Tetsujiro OHARA). ... 103
Über die Eigenschaften der Getreidennichen Samen. (Tetsujiro OHARA). ..... 103
Studies on Acetone-Butylalcohol Fermentation. —(1). The bacteriological properties of Bacillus butanolo-acetoni Yukawa Horie nov. sp. and the fermentation of cassava by this organism. (Matao YUKAWA and Shigeyoshi HORIE). ..... 103
Studies on the Cell-Wall Constituents of Soy-Bean. (II)—Cell-Wall Constituents of the Seed Coat. (Syuiku SASAKI and Syōtaro TŌ). ..... 105
Formation of β-Hydroxy-pyridine Derivatives from Hexoses and $NH_3$-salts. (I). (Kiyosi ASO). ..... 107
Studies on the Vegetable Tannins in Formosa. (Yasuyosi OSIMA and Hirosi ITŌ). ..... 108
Über die Spiritusfabrikation unter Verwendung von Dextrinvergärenden Hefen. (Shinji DOI). ..... 109
Isolation of Four Kinds of Isoflavon from Soya Bean. (Koji OKANO and Iwao BEPPU). ... 110
A Method for Measuring the Color of Fatty Oil. (Kokichi OSHIMA and Tatsuro SUGAWARA). ..... 110
On the Stimulant for Cane Sugar Formation in Plants. (III). (Tetutaro TADOKORO). ..... 111
Studies on the Amylo-Process for the Production of Alcohol from Potatoes. (II). (Shinji DOI). ..... 111
Statistic Studies of Soils. (VIII). (MISU-Hideo and RIHOKI). ..... 112
Synthesis of Iso-ochracin. — The Metabolic Products of *Aspergillus ochraceus*. Part III. (Teiichi TAMURA). ..... 112
Chemical Studies on the Kikyo-root. (Report VII).—The molecular weight and the hydrolysis of platycodin. (M. TSUJIMOTO and T. MATSUMOTO). ..... 113
On the App'ication of Hydrogen Peroxide for Brewing —Part II. On the catalase action at the various stages in saké brewing. (Masakazu YAMADA). ..... 115
—Part III. On the influence of alcohol and temperature upon the catalase of saké. (Masakazu YAMADA and Syōzō MASUI). ..... 116
—Part IV. On the destruction of the catalase in saké by hydrogen peroxide. (Hisao MATUI and Masakazu YAMADA). ..... 117
—Part V. The action of hydrogen peroxide on diacetyl, acetion and butylene glycol. (Hisao MATUI and Masakazu YAMADA). ..... 117
Statistic Studies of Soils. (IX). (MISU-Hideo and RIHOKI). ..... 118
Nutritional Chemistry of Flowers. (Part III). —Protein in Wisteria Flowers. (Kraunhia floribunda Taub. var. typica Mak.) (Sakae SINANO). ..... 118
The Fractionation of the Soy-bean Protein. (Kinsuke KONDO, Seiichi HAYASHI, and Shinichi MORISHIGE). ..... 118
Studies on the Absorption-spectrum of the Vitelin prepared from the Yolk of Logger-head Turtle Eggs. (Kinsuke KONDO, Masao NAGASHIMA, and Shinichi MORISHIGE). ..... 119
On the Soil Reaction and Lime Status of Apple Orchard. (R. KAWASHIMA). ..... 119
Über die auf Pilzdecke Entstehende Kristallsubstanz bei der Oxalsäuregärung. (M. SIMO). ..... 119
The Optimum Hydrogen Ion Concentration for Amylase of *Aspergillus Oryzae*. (Takeo NAGATOMO). ..... 119
Der Einfluss des Kalis auf den Kohlenhydratgehalt in den Blättern und Halmen der Reispflanzen. (Tatsuo KOYANAGI). ..... 119
On the Method of Quantitative Estimation of Glutathione in Tissue. (Masayoshi OGAWA). ... 122
The Effect of Glutathione on Fever and Glycolysis.—(Biochemical Studies on Glutathione. The XIth Report). (Masayoshi OGAWA). ..... 122
Note on Okuda's Iodine Method for the Determination of Cystine. (Masakazu SATO, Tamotu HIRANO, and Miss TANGETU Kan.). ... 123
On the Amylalcohol employed in the Van Slyke Method for the Determination of the

Distribution of Nitrogen of Proteins. (Masakazu SATO, Tamotu HIRANO, and Hirosi KAMATI). ..... 124
Zuckerrohrwachs. IV. Mitteilung.—Über die Diol-derivate des Zuckerrohrsitosterins und des Stigmasterins. (Tetuo MITUI). ..... 125
Zuckerrohrwachs. V. Mitteilung.—Oxydationsversuche mit Zuckerrohrsitostanylacetat. (Tatuo MITUI). ..... 126
A Saline Alkali Soil in Manchuria. (R. KAWASHIMA and M. NAGATA). ..... 127
On the Acid Mineral Soil in South-Manchuria. (R. KAWASHIMA). ..... 128
On the Application of Hydrogen Peroxide for Brewing.—Part VI. On the effect of hydrogen peroxide on growth or multiplication of micro-organisms. (Hisao MATUI and Masakazu YAMADA). ..... 128
—Part VII. The complete prevention of putrefaction of sake by hydrogen peroxide. (Masakazu YAMADA, Hisao MATUI, and Tokuitiro OHASI). ..... 129
—Part VIII. On the application of hydrogen peroxide for the preservation or the refining of beverages or brewages. (Hisao MATUI and Masakazu YAMADA). ..... 129
Über Endoconidiophora Fimbriata (E. et H.) DAV. (Kenji MIYAJI). ..... 130
Über die Bestimmung des Glutathions in Geweben. (Akiji FUJITA). ..... 130
On the Ether Extract of the Bark of Cajuputtree. (Minoru ISII and Yasuyoshi OSHIMA). ..... 130
On the Hydrolysis of Fats and Fatty Acid Esters. (I). (Toyoki ONO). ..... 131
Chemical Studies on the Kikyo-root. (Report VIII).—On the Constitutional Formula of Platycodigenin (Kikyo-Sapogenin). (No. 1). (M. TSUJIMOTO and R. SENJU). ..... 132
Chemical Studies on the Kikyo-root. (Report IX).—On the Constitutional Formula of Platycodigenin (Kikyo-Sapogenin). (No. 2). Determination of the Molecular Weight of Platycodigenin. (M. TUJIMOTO and R. SENJU). ..... 133
Phosphoric Acid Absorbtion of Soils in Tyosen. (MISU Hideo). ..... 133
Über das Vorhandensein der β-Oxyglutaminsäure im Shoyu (Japanische Sojasauce). (Yukio TOMIYASU). ..... 133
On the Enzymic Action of Nucleotid-like Substances. (Tetutaro TADOKORO and Naomoto TAKASUGI). ..... 134
The Chemical Investigation of the Oil of *Setaria italica* Beauv. (Hannemon ITO). ..... 134
The Chemical Investigation of the Oil of *Phaseolus vulgaris* L. (Hannemon ITO). ..... 135
Über die Enzyme des Reismalzes. (H. MUNAKATA). ..... 136
Untersuchungen über Vitamin C in Obstsaftfabrikaten. I.—Einfluß des Unterschiedes der und Herstellung der Strilisationsmethode auf den Vitamin C-Gehalt in Tomatensaft in Büchsen. (Choten INAGAKI). ..... 136
Forschungen über das Fleischeiweiß des Herings. (Saburo WAKAMATSU). ..... 137
Studies on the Yeasts Found in "Miso".—(Supp. Contributions) Part I. Morphological Properties. (Masatoshi MOGI). ..... 137
Phosphoric Acid Absorbtion of Soils in Tyosen. (II). (MISU-Hideo). ..... 137
Studies on Histaminase. I.—Chemical Method for Determining the Activity of Histaminase. (Kiyooki TAKAHASHI and Toshio UMEDA). ..... 137
On the Steppe Soil between Harbin and Tsitsikhar in Manchuria. (Rokuro KAWASHIMA). ..... 138
On the Hydrolysis of Fats and Fatty Acid Esters (2). (Toyoki ONO). ..... 138
On the Cellulose Analysis and Bleaching Methods of Cellulose Materials. (Sin-iti HONDA).—Part I. New Mthod of Cellulose Estimation by Bleaching Powder. ..... 138
Biochemical Studies on the Sexual Organs of the Silk Worm, *Bombyx Mori* L.—Parts I and II. On the changes of some chemical constituents according to the development of the sexual glands (ovary and testis.) (Takeo NAKASONE). ..... 141
Effects of Fertilizers, especially of Potassium, on Sweet Potatoes as Source of Alcohol. I. (Akira SUZUKI, Shinji DOI, Teijiro UYEMURA, Yinchang WANG, Seiji TADA, and Rikizo TAKAHASHI). ..... 142
On the Enzymic Action of Nucleotid-like Substaces. (2). (Tetsutarō TADOKORO). ..... 142
Statistic Studies of Soils. (X). (MISU-Hideo and RIHOKI). ..... 142
On the Method of Quantitative Estimation of the Aroma of Scented Tea. (K. UENO). ..... 142
On the Physiological Difference between 1, 3- and 2, 3-Butylene Glycols. (Kinichiro SAKAGUCHI and Osamu KANBAYASHI). ..... 143
Studies on the Yeasts Found in "Miso" (Supp. Contributions)—Part 2. Physiological properties. (Masatoshi MOGI). ..... 143
Phosphoric Acid Absorption of Soils in Tyosen. III. (MISU-Hideo). ..... 144
On the Fermentation Degumming of Waste

Silk. Part V.—A Useful Thermophilic Bacteria for Fermentation Degumming. (Hideo KATAGIRI and Tosio NAKAHAMA). ... 144
On the Fnzym c Action of Nucletid-like Substances. (3) (Tetutaro TADOKORO and Naomoto TAKASUGI). ... 144
The Influence of Monochromatic Lights on the Action of the Enzymes. [Report XXII~XXIII]—Especially on the Influence of the Same Intensity of Visible Absorbed Rays. (Reitaro MURAKAMI). ... 144
Researches on Bamboos in Taiwan as a Raw Material for Pulp. Part II.—Especially on the ashes of "α-cellulose" originated from the pulps treated with 17.5% NaOH. (Minoru TUTIYA and Masao IMAI). ... 145
Biohemical Studies on the Sexual Organs of the Silk Worm, *Bombyx mori* L.—Part III. On the catalase of the sexual glands (ovary and testis). (Takeo NAKASONE). ... 147
Studies on the Mucilage from *Rhodophyceae*. (III).—On Physical and Chemical Propertries of the Cold and Hot Water Extract from *Chondrus ocellatus* Holmes. (T. MORI and Y. TUTIYA). ... 138
On a Carbohydrase Acting on the Mucilage from *Chondrus ocellatus* Holmes (I). (T. MORI). ... 148
On the Production of 2,3-Butylene Glycol by Fermentation. I. (Kin-ichiro SAKAGUCHI, Kisetsu ÔHARA and Sumihiko KOBAYASHI). ... 148
On the Hydrolysis of Fats and Fatty Acid Esters. (III). (Toyoki ONO). ... 148
Studies on Acetone-Butyl Alcohol Fermentation. —(II). Fermentation of Mono-Saccharides by *Bac. granulobacter pectinovorum* and *Bac. butanolo-acetoni*. (Sigeyosi HORIE). ... 150
On the Cellulose Analysis and Bleaching Methods of Cellulose Materials.—Part II. Application of a New Method of Cellulose Estimation on Various Plant Analysis. (Siniti HONDA). ... 150
The Influence of Monochromatic Lights on the Action of Enzymes. (Reitaro MURAKAMI). ... 152
On the Stimulant for Cane Sugar Formation in Plants. (IV~V) (Tetutaro TADOKORO). ... 153
Phosphoric Acid Absorbtion of Soils in Tyosen. IV. (MISU-Hideo). ... 153
On the Optical Properties of the Fermetation Lactic Acids.—(Part VIII). The Optical Specificities of Phosphoglycerates Decomposed by Lactic Acid Bacteria.
[Part IX] The Action of Racemiase upon Phosphoglycerates. (Hideo KATAGIRI and Shosuke MURAKAMI). ... 153
On the Solonetz Soil in Manchuria. (R. KAWASHIMA). ... 155
On the Selection of Grape Varietes for Wine Making. Part II. (Zembei KAWAKAMI and Takeji HASEGAWA). ... 156
The Studies on Bios. Part II. (Nobusada ÔKOTI). ... 157
On the Hydrolysis of Fats and Fatty Acid Esters (4). (Toyoki ONO). ... 157
On Alcoholic Fermentation of Acorn, Saccharified by Sulphuric Acid. (Seisaku SUGIZAKI). ... 157
Studies on the Components of the Bark of *Rhamnus japonica* (4).—Determination of the Nucleus of α-Sorigenin. (Ziro NIKUNI and Hiroshi HAYASHI). ... 158
The Influence of Monochromatic Lights on the Action of Enzymes. (Report XXVI~XXIX) —Especially on the Influence of Ultraviolet Rays. (Reitaro MURAKAMI). ... 159
On the Alcohol-Manufacture from Iraqi Date-palm. (Tadaaki WADA). ... 160
Effects of Manuring on the Composition and Fermentation of Sweet Potato as a Source of Ethyl Alcohol. (Seisaku SUGIZAKI). ... 160
Biochemical Studies on Bakanae Fungus of the Rice. Part IV.—The cultural condition for producing Gibberellin or Fusaric acid. I. (T. YABUTA, Y. SUMIKI, and S. UNO). ... 160
Studies on the Yeasts Found in "Miso" (Supp. Contributions.) (Masakazu MOGI). ... 160
